The School

Situated at the outskirts of the historic and culturally rich city of Lucknow, the Indian Institute of Management (IIML), was established in 1984, by the Government of India, as a national level school of excellence in management science.

IIML's mission is to be a global, socially conscious and integrated school of management, contributing towards management development, both in India and abroad. Towards this, IIML undertakes a diverse range of academic activities and interventions aimed at creation, dissemination, and application of management knowledge and practices. These include : the Post Graduate Program; the Fellow Program; the Management Development Program; Research Programs; and Consulting Programs. IIML is also entering into collaborative arrangements with leading business schools and research centres in India, Europe, Canada, South and Southeast Asia.

The Institute has state-of-the-art computing and class-room facilities, supported by an extensive library of books, journals, films, and databases. IIML academic programs are fully residential. The serene and pollution free campus is well equipped to meet all the essential requirements of its residents.

The City

Lucknow is the capital of India's most populous state - Uttar Pradesh. This city is evocative of a lifestyle long gone by – only vestiges are still to be found in Lucknow's mannerisms and habits. Lucknow was the abode of the Nawabs of Avadh, and their regal pastimes and pleasures were legendary. They conversed in an exquisitely refined manner, were fond of song and dances. Their monuments excelled in the use of arches, pavilions and domes. Lucknow also continues to be home to the fine chikan embroidery executed with fine skill on fabrics, sarees and kurtas.
