The School

University guides confirm Sheffield's position as one of the UK's leading universities. The Virgin 2007 Alternative Guide to British Universities, for instance, says that "Sheffield is a top university across the board". Teaching quality assessments very highly across a wide range

rate its teaching

of subjects, and official research assessments confirm our reputation as a centre for world-class research in many disciplines.

The school has more than 24,000 students from 118 countries, and almost 6000 staff.

The University of Sheffield is a popular choice with applicants for university places, and once they arrive our students enjoy the experience so much that many settle in Sheffield after they graduate.

Research partners and clients include Boeing, Rolls Royce, Unilever, Boots, AstraZeneca, GSK, ICI, Slazenger, and many more household names, as well as UK and overseas government agencies and charitable foundations.

The City

Sheffield is a vibrant city in the north of England and a very popular choice for student life. It's a friendly,

safe and affordable place to make your home. It is the fifth largest city in England, yet students are reassured by its reputation as one of the country's friendliest and safest cities. It is home to a diverse range of people, with residents of all nationalities and cultures. Located in the heart of the UK, Sheffield has excellent transport links to other cities.

Sheffield is a city of sport. The city boasts two major football teams, ice hockey and basketball teams, world class athletic facilities and Europe's largest all-season ski resort. The city is home to two large football teams, Sheffield United and Sheffield Wednesday. Both regularly play in stadium of over 25,000 people and you can join in the atmosphere.
