### *The School*

WHU – Otto Beisheim School of Management pursues excellence in everything it does. This philosophy is underscored by our claim “Excellence in Management Education.” We achieve our goal of excellence through the motivation and dedication of WHU students and staff (Passion), their call for social responsibility (People) and the faithfulness to the principle that results count (Performance).

WHU was founded in 1984 at the initiative of the Chamber of Commerce and Industry in Koblenz. After only 20 years, it is not only counted among the best and most respected centers of business education in Germany, but it also enjoys an excellent reputation internationally. This success-story makes it easy to forget the school's humble beginnings, when it was located in an elementary school in Koblenz, as well as the opposition faced by the founders against their idea of opening a private university.

### *The City*

Vallendar is a lively small town located on the banks of the Rhine, which unites the atmosphere of ancient tradition and typical regional charm. The town's distinguishing

feature - old bourgeois houses dating from the 17th and 18th centuries - are for the most part timber-framed buildings displaying exquisite beam carvings. Since 1934, Vallendar has been a government-approved health resort, offering Kneipp treatment and pure air for convalescence. The charming surrounding countryside offers many attractive walks and hiking routes. In the summer months, daily boat trips are operated along both the Rhine and the Moselle.
